

CALENDAR-THEMED PLAN OF LECTURES
 in **Pharmacognosy** for 3rd year students 22 Public health 226 «Pharmacy, industrial pharmacy», educational program «Pharmacy» ФМ17*(5,0д) англ 1, 2 groups
(autumn semester, 2019-2020)

№	Date	The topic of the lecture	Hours	Lecturer
SUBSTANTIAL MODULE 2. MEDICINAL PLANTS AND MEDICINAL PLANT MATERIALS CONTAINING PHENOLIC COMPOUNDS, ALKALOIDS AND VARIOUS GROUPS OF BAS. COMMODITY ANALYSIS OF MPM.				
1	06.09.2019	General characteristic of phenolic derivatives, coumarins and chromons.	2	prof. Popova N.V.
2	13.09.2019	Medicinal plants and pharmacy deri containing coumarins and chromons.	2	prof. Popova N.V.
3	20.09.2019	General characteristic of flavonoids. Medicinal plants and raw material containing flavonoids.	2	prof. Popova N.V.
4	27.09.2019	Medicinal plants and raw material containing flavonoids.	2	prof. Popova N.V.
5	04.10.2019	Medicinal plants and raw material containing flavonoids.	2	prof. Popova N.V.
6	11.10.2019	General characteristic of quinones. Medicinal plants and raw material containing antraquinones.	2	prof. Popova N.V.
7	18.10.2019	General characteristic of tannins. Medicinal plants and raw material containing tannins.	2	prof. Popova N.V.
8	25.10.2019	General characteristic of alkaloids. Medicinal plants and raw material containing alkaloids.	2	prof. Popova N.V.
9	01.11.2019	Medicinal plants and raw material containing alkaloids.	2	prof. Popova N.V.
10	08.11.2019	Medicinal plants and raw material containing alkaloids.	2	prof. Popova N.V.
11	25.03.2019	Medicinal plants and raw material containing alkaloids.	2	prof. Popova N.V.
12	15.11.2019	Medicinal plants and raw material containing various biological active compounds.	2	prof. Popova N.V.
13	22.11.2019	Medicinal plants and raw material containing various biological active compounds.	2	prof. Popova N.V.
Total:			26	

Note: The lecture is on Friday at 12⁵⁰-14³⁰ in the class № 3 at the chemistry of natural compounds department

Head of the CNC Department,
 professor _____

Kyslychenko V.S.
